(The juke box, pool table, and video games at the lodge do take quarters)

Anything R rated

BOARD OF EDUCATION SOUTH LYON COMMUNITY SCHOOLS

FIELD TRIPS, EXCURSIONS, AND OTHER DISTRICT-SPONSORED TRIPS 2340

Field Trips

Field trips are designed to stimulate student interest and inquiry and provide opportunities for academic growth and development. To the extent that they supplement the curriculum objectives of the classroom, field trips may be authorized by the building principal.

Excursions

Any trip which involves students being away from home overnight will be classified as an excursion and will require approval, the completion of the Overnight Excursion Form, and a disclaimer letter when necessary. Non athletic excursions require the approval of the Assistant Superintendent for CITA. Athletic excursions require the approval of the Athletic Director and building principal. For overnight excursions, chaperones must complete a criminal history, finger print check and drug screening prior to approval.

Other District Sponsored Trips

Academic, extra-curricular, and co-curricular trips other than field trips may be authorized by the building principal or Athletic Director as appropriate. All coaches and/or advisors shall be responsible for arranging transportation to events and/or competitions, securing permission of all parents involved if students are transported in private vehicles. Arrangements for transportations for practices outside of the instructional day shall be the responsibility of the parent.

Transporting Students

Parents/staff members/students/community members may not transport students in their private vehicles on field trips or excursions, except in emergencies, unless arrangements are made with the Superintendent or his/her designee.

Cancellations of Field Trips and/or Excursions

Educational field trips and/or excursions are a valuable educational tool; however, the safety of students, parents and staff is our highest priority. Therefore, the Superintendent of Schools or his/her designee will have the authority to cancel or modify the field trip or excursion with no liability for reimbursement on behalf of the District when using his/her sole discretion.

- A. The Superintendent determines that conditions exist which compromise the safety of members of the educational community.
- B. When the United States State Department or other national department or agency cautions citizens regarding travel within the United States and/or internationally, the Superintendent or his/her designee may cancel a field trip or excursion, following the guidelines below:
 1. Yellow alert: All normally approved travel may occur.
 2. Orange alert: No out-of-country travel and limited travel within the U.S. depending upon destination and means of transportation.
 3. Red alert: No travel of any kind.
- C. In the event that an alert status is changed during a field trip or excursion, the sponsor must contact his/her immediate supervisor, who will consult with the Superintendent or his/her designee and then give direction to the sponsor.
- D. Field trips will be cancelled when school is closed.
- E. If weather conditions warrant, the Superintendent or his/her designee may cancel a field trip or excursion.

The Board directs the administration to develop guidelines for planning and implementing field trips, excursions, and other district sponsored trips.

SOUTH LYON COMMUNITY SCHOOLS Overnight Excursion

Dear Parent/Guardian:

The safety of our students is the highest priority in our school district. Therefore, I'm sure you can understand our concerns when we have students who will be taking overnight excursions out of the state, while at the same time, our government may heighten the alert level.

While we are continuing to monitor world conditions as well as the information coming from our government, we want to communicate with parents regarding the overnight excursion to the PETOSKEY INVITATIONAL WEEKEND that your student has chosen to attend.

The school district reserves the right to cancel this overnight excursion at any time should we determine that the conditions are unsafe for our students and staff. We would like you to acknowledge the following in writing:

1. I am aware of the possibility of a heightened state of alert that may be issued by the U.S. government.
2. I give consent for my student, _____ to go on the overnight excursion to the Petoskey Invitational Weekend.
3. I assume all responsibility for my student's safety and well being.
4. I have received and read the attached Board of Education policy on overnight excursions.
5. I realize that I will forfeit all monies put toward the overnight excursion if the school district cancels the overnight excursion due to its belief of unsafe conditions.

If you later decide to withdraw your child from the overnight excursion, while you will forfeit any non-refundable fees, there will be no classroom or school consequences to your student.

Since this is a school sponsored activity, it is important for both the student and parent to realize that all Board of Education policies, and the Code of Conduct, are in effect. All students are expected to comply with those policies and procedures. Failure to do so will result in school discipline. Use or possession of alcohol, or other prohibited substances, as specified in the Code of Conduct will result in the student immediately being sent home, and at the student's expense. Other serious infractions will result in the same consequences. If this should occur, there will be no reimbursement to the student and/or parent for the overnight excursion.

Of course, it is our hope that these events do not occur. We offer overnight excursions because we view them as valuable educational experiences, and hope that they provide lasting, good memories for our students.

I have read the above letter and still choose to send my student on the overnight excursion shown in point 2 above.

Signature of Parent/Guardian

Date

I give my permission for my son to travel to the 2011 Petoskey Invitational weekend with the cross country team Sept. 23-25 and participate in team activities. Most boys will be transported via Kensington Valley Coach. A few will be transported via approved parent vehicle.
